A HOME DESIGNED THE WAY YOU WANT IT

If you buy a new build from a mainstream developer, you generally choose from a limited set of house types with predetermined specifications, each replicated across almost identical developments across the country.

With custom build, you can choose a generous plot and the key fundamentals of your home e.g. a four-bedroom detached house, then choose from a series of layouts to begin your custom build.

The timber frame construction of our homes means that you can then tweak the internal layout, have an input into the specification and the eco technology that goes into your home.

So, if you're looking for the convenience of a new build but with flexibility to create your dream home just the way you want it, custom build could be for you.

DISCOVER A THRIVING COMMUNITY ON THE DOORSTEP

Phase one at Wellbank Park consists of 18 custom build plots, ranging from three, four and five-bedroom detached houses and two and three-bedroom bungalows.

This is a unique opportunity to create your own home in a new and thriving custom build community, complete with spacious plots, cycleways and pathways. Future phases will include a community hub which will have a swimming pool and other shared facilities.

Located in Lake District National Park, Wellbank Park is set in a perfect location for those who love the outdoors with the added benefits of a vibrant village and community feel.

For the energetic, there is fell walking and fell running with the Black Coombe Runners, various mountain biking trails and football with Bootle AFC. A gentler pace can be found at Bootle Bowls Club and the local branch of the WI. For something completely different, the locally-based Horse and Husky offers husky mushing!

DISCOVER A NEW LIFESTYLE

Local events such as the Black Coombe Country Fair and the Bootle Scramble Club's motorbike trials draw spectators from further afield and are fantastic community events.

Day to day family needs are catered for with a local doctors surgery, convenience store and sub post office. There is a local nursery, primary school and secondary schools all within a 20 minute drive.
